

WAR AVERTED
FOR PRESENTSultan of Turkey Holds Off on
Advice

BY FRANCE AND ENGLAND

Skirmishing Is Reported on the Frontier
The War Spirit Is Rampant in
Turkey—To-day's Develop-
ments.

Paris, Oct. 6.—Heeding the advice of France and England, the sultan of Turkey has decided to postpone the declaration of war against Bulgaria, pending a conference of the powers. All of the first class Serbian reservists, numbering 120,000, have been called to arms by a royal ukase issued today. The war spirit is everywhere manifest. Telegrams from various cities of Serbia tell of street demonstrations and demand for war against Austria.

Skirmishing between Turkish and Bulgarian troops is reported in dispatches from the frontier garrisons. In an official note to Emperor Francis Josef today, the czar of Russia notified Austria that developments of the past 24 hours in the Balkans are exceedingly unsatisfactory to Russia and that St. Petersburg will no longer observe the treaty of Berlin, which the other nations are openly violating.

A dispatch from Sofia states that an agent of the Oriental railway, the control of which precipitated the Bulgarian revolt, has notified the Bulgarian government that unless the railroad is surrendered within three days he will demand an indemnity of \$3,000 per day.

All the disinterested powers except Germany are now agreed on a call for arbitration. A conference was held today, at the conclusion of which they visited Premier Clemenceau, with whom the British ambassador had a conference. The premier said he considered the situation so much relieved that he would leave to-morrow on a campaigning tour to insure his re-election to the Senate.

The danger of war is believed to lie in precipitate action at Constantinople, forced by the "young Turks" party, which may fear a blow at its prestige if it acquiesces in the loss of Bulgaria, and by the military party, which wants to restore the old order of things, it is feared that Turkey, although ill-prepared both from a financial and military standpoint, may proclaim war. Should this be the case, the efforts of the powers will then be directed to limiting the war to Bulgaria and Turkey.

According to information received here Bulgaria would welcome war as the Bulgarians are convinced that their army could march straight to Constantinople before the Turkish forces could be mobilized. The French government's statement, issued last night, says:

"It is certain that France, Russia, Great Britain and Italy will do their utmost to maintain peace in the east, but it seems difficult at the present moment to judge what means will best attain this end. All depends upon what will happen at Constantinople, and events which will now rapidly ensue might very shortly place the powers in the presence of a fait accompli, and completely modify the aspect of affairs."

"The idea of an international conference, charged with the duty of deciding upon a revision of the treaty of Berlin, would seem to be put forward with a certain persistence in political circles. However, the disposition of Turkey in that respect must be first ascertained. If Turkey is favorably inclined to this, it is believed that the powers can easily reach an agreement on the principle of a conference, the initiative for which France, Great Britain and Russia will take. But these are only hypotheses, which for the present must be regarded with reserve."

The view is now held that there has been a double move on the part of Bulgaria and Austria-Hungary, these two countries acting together, and that Germany and Italy were advised of it in advance. Russia also received an intimation of the plan, but Mr. Levolsky asserts that he was not let fully into the secret, and in some respects was misled.

MORE CONFIDENT
TONE REPORTEDLondon Stock Exchange Today Seemed
to Reflect The Confidence in Settle-
ment of Balkan Difficulty
Without War.

London, Oct. 6.—The improved tone of the London stock exchange today reflects the confidence of the public in the ultimate settlement of the Balkan trouble without recourse to war. Consols toward the close were 34 points better than last night and 38 better than today's midday prices. Turkish issues are unchanged. The continental bourse also show more strength.

FOG DELAYS STEAMERS.

One Runs Aground in the Hudson, Two
Wait For Daylight.

Albany, N. Y., Oct. 6.—A heavy fog on the Hudson caused the steamer C. W. Morse and Dean's schooner from New York to tie up at New Baltimore until this morning. The steamer Jones went around there and the passengers were transferred ashore in small boats and finished their journey to Albany by rail. The delays gave rise to a rumor that the steamer was afloat and caused great alarm up and down the river.

Finn's Case Continued.

Springfield, Oct. 6.—The case against E. B. Finn of places for alleged assault and battery has been continued to October 17.

PARKER'S CHARGE.

That Standard Oil Contributed \$100,000
to Roosevelt's Committee.

Baltimore, Md., Oct. 6.—"When President Roosevelt so sweepingly condemned Haskell for his alleged connection with the Standard Oil company, he perhaps forgot that in 1904 his Roosevelt's committee, received \$100,000 from the Standard Oil company for the campaign fund and spent it."

This statement by Judge Alton B. Parker of New York brought to their feet in a burst of wild applause some six thousand Democrats who assembled last night in Richmond Market hall to hear him, Senator John W. Daniel of Virginia, A. C. Bacon of New York and others discuss the issues of the campaign.

Continuing Judge Parker said: "And when Chairman George B. Cortelyou of the national committee in that year went to the Standard Oil company by appointment to ask for money for the campaign fund he was not satisfied with \$100,000 but wanted more. It may be true that Roosevelt wrote to Cortelyou telling him to send that \$100,000 back to the Standard Oil company but it is equally true that Cortelyou did not send it back but used it."

And it is also true that he was never punished by Roosevelt for not sending the money back. On the contrary, he was rewarded by being made postmaster-general of the United States and afterward secretary of the treasury.

DISORDERS IN NEW YORK.

Follow The Taxicab Drivers' Strike—
Several Men Injured.

New York, Oct. 6.—After a day of comparative quiet there was a renewal last night of the disorders that accompanied the strike of the taxicab drivers Saturday and Sunday. In an effort to compel strike breakers to cease operating machine, stones and other missiles were hurled at strike breakers. Several of them were injured and the windows of a number of the machines were broken by stones.

The most serious of the disorders occurred when Charles Hamilton, a chauffeur, attempted to convey a young woman in his machine through East 25th street. He was set upon at Third avenue by a mob and drove his automobile at full speed toward the East river. Reaching the river front, Hamilton stopped the machine and in terror leaped from his seat and jumped into the water. He was rescued with difficulty and taken to Bellevue hospital suffering from shock and submersion.

The mob followed the ambulance to the hospital and was endeavoring to break through the iron gates to get at their victim when police reserves arrived and broke up the attacking party.

TRIED TO LYNCH IN
LOS ANGELES COURTPrisoner Spirited Away and Sentenced
to Life Imprisonment.

Los Angeles, Oct. 6.—There was a scene of riotous disturbance in Justice Austin's court yesterday in which several persons were slightly injured in an attempt to lynch Edward Martin, who last Friday night attacked Miss Edith Ralston, a concert singer at College grove.

Martin was spirited away to Superior Judge Wilbur's court, where he pleaded guilty and was sentenced to life imprisonment.

THE WIRE BROKE.

And Hopper, The Comedian Did a Real
Stage Stunt.

Syracuse, N. Y., Oct. 6.—De Wolf Hopper, the comedian, sustained a bad fall while appearing on the stage of a local theatre last night rendering him unconscious and necessitating the dismissal of the audience at the close of the first act of the play.

The accident was due to the slipping of the buckle of a belt about his waist, attached to the wire by which he was suspended in the air. He was badly shaken up by the fall and his face bruised, but he was able to walk to his hotel and it is expected he will appear as usual.

TWO POSITIONS
NOT SETTLED ONWhen The Rhode Island Democratic
Convention Met Today to Name
State Ticket.

Providence, R. I., Oct. 6.—The second place on the ticket and the treasurer were still in doubt when the Democratic state convention convened today. Olney Arnold of Providence was slated for the nomination for governor without opposition. The rest of the slate includes Robert Grieve of Providence for secretary of state and James A. Williams of Providence for attorney general.

SHOT SELF BY ACCIDENT.

Brewer (Me.) Young Man Killed By
His Own Rifle in His Home.

Bangor, Me., Oct. 6.—Ernest E. Fowler, 27 years old, was killed by the accidental discharge of a rifle at his home in Brewer yesterday. The bullet entered the right side of the body, causing instant death. Fowler was alone at the time and the details of the accident are unknown. Coroner Hall deemed an inquest unnecessary. Fowler was unmarried and is survived by his parents, three brothers and a sister.

Assets Are Only \$997, With \$607 Claimed
Exempt.

Rutland, Oct. 6.—Fred R. Guyette of Shoreham has filed a petition in bankruptcy with F. S. Platt, clerk of the United States court. His debts aggregate \$3,205.22 and his assets amount to \$997, of which \$607 is claimed to be exempt.

THINGS HUM
AT STATE HOUSEIn Anticipation of Opening
Session To-morrow

MEMBERS SLOW TO ARRIVE

Governor Proctor and Governor-elect
Prouty Arrived in Montpelier This
Noon—Other Notes of the
Capitol.

State House, Oct. 6.—Things began to hum today in anticipation of the opening of the biennial session of the Vermont legislature to-morrow morning. Not a great many of the members of the legislature and arrived up to this afternoon, but a stream of newcomers is looked for this evening. The retiring executive, Governor Fletcher D. Proctor, and Governor-elect George H. Prouty, arrived in town this noon and have taken up their quarters, the former until after he has turned over the affairs of his office to his successor, and the latter until the close of the session, which will probably be about Thanksgiving time.

Governor Proctor was accompanied from his home in Proctor by Mrs. Proctor, Miss Proctor, Miss Minnie Proctor and the Misses Loomis and Dunham. The governor's reception will be held at the State House Wednesday evening and the public is invited. Whittier's orchestra will play for the occasion. Governor Proctor will deliver his retiring message on Thursday. His secretary, Ben Williams, was busy today turning over the affairs of his office to Governor-elect Prouty's secretary, Aaron H. Grout of Newport.

Speaker Tom C. Cheney of Morrisville is sure to be the next speaker of the House, while Charles A. Plumley of Northfield will become clerk to succeed the late Fred L. Hamilton of Salisbury. Harry Black, second assistant last term, will become first assistant and Julius S. Wilcox of Ludlow, reporter in the Senate last session, is slated for second assistant clerk of the House, while Mr. Poulin of Rutland is after the Senate reporter's job. Homer L. Skeels of Ludlow will be clerk of the Senate.

The Rev. H. A. Flint of Montpelier will pray in the House at the opening to-morrow and the Rev. L. J. Hamberg, new pastor of the Baptist church in Montpelier, will do the same in the Senate.

The first representative to present his credentials today was J. O. Kendall of Stratford, but the first one on the ground was Representative H. G. Barlow of Brattleboro, who believes in being on the ground floor. He worked hard enough to win, and he is going to take every minute of his term.

Guy W. Bailey of Essex goes from the House to the secretary of state's office, he having been elected to that position last fall. He has twice served his town in the lower branch of the legislature. He will have Herbert Slayton as assistant during the session of the legislature.

LICENSE WON OUT
IN LARGE TOWNSGreat Battle Over The Liquor Question
in Connecticut Yesterday—The
Results as Thus Far
Received.

New Haven, Conn., Oct. 6.—A great battle was fought in about 30 of the towns of Connecticut yesterday between the temperance forces and those who favor the licensing of the sale of intoxicating liquors. The result cannot be accurately told but it is evident that as to the number of towns kept in the "dry" column the prohibitionists have about held their own.

The liquor men entered their fight in several large towns which last year voted "dry" and they won notably in Milford, New Milford, Killingly, New Canaan, North Canaan, Berkhamstead, Manchester and Plymouth. The prohibitionists took out of the license column the towns of Branford, East Haven, New Hartford, Brookfield, Stafford and Winchester.

Last year the result showed 72 license towns to 96 no-license. This year the result promises to be about 75 license to 93 no-license.

SUES FOR \$10,000.

Pittsford Woman Claims a Poor Job by
Rutland Doctor.

Rutland, Oct. 6.—A malpractice case has been filed in Rutland county court in which Harlow Giddings of Pittsford is the plaintiff and Dr. M. R. Crain of Rutland the defendant. \$10,000 damages being asked for. The counsel for the plaintiff is Davis & Russell of Middlebury. The suit is returnable at the March term of court.

The woman alleges that Dr. Crain, while performing an operation on her for the removal of an abscess on February 10, 1906, cut a certain duct connecting the bladder with one of the kidneys, which caused an injury from which she will suffer for life. It is further alleged that the physician falsely determined the nature and extent of the abscess and that he did not remove within a reasonable time a small piece of gauze left in the wound. The writ describes the doctor's acts as "negligent and unskillful."

COULDN'T FURNISH \$100 BAIL.

Son of Oil Magnate Held For Speeding
Auto.

New York, Oct. 6.—Wm. G. Rockefeller, son of the Standard Oil magnate and a nephew of John D., was arrested for speeding his automobile today and detained at the Morrisania police station because he was unable to furnish \$100 bail.

ST. ALBANS CITIZENS
ROUSED TO ACTIONAppoint a Committee to Investigate
Conditions For Relieving The
Water Shortage.

St. Albans, Oct. 6.—The crisis that confronts St. Albans in the rapidly approaching failure of her water supply, which has already closed the Central Vermont Railway shops and the Green Mountain Packing company and will tonight close the big milk plant of the Van Camp Packing company, resulted in the calling of a public meeting of citizens at the city hall yesterday afternoon, for the purpose of finding a way if possible to get an ample and quick supply of water.

It was the consensus of opinion that the city should not shut off the water from either the large consumers or householders if there was any possible way out of the difficulty. Ex-Mayor Fuller C. Smith went into the matter in all its details, to ascertain existing conditions and suggested that as a remedy the city consider at once the proposition of either tapping Silver Lake a large body of pure water in Fairfield and piping it to the present reservoirs, a distance of about 2½ miles, or of installing a pumping plant at the lake shore and running a pipe line to the mains on the western limits of the city.

Following an earnest discussion of the whole situation in which it was shown that the emergency should be met promptly, at whatever cost, a special committee of three to investigate and recommend a plan for immediate relief was appointed, consisting of the Hon. S. C. Greene, William Kennedy, superintendent of motive power of the Central Vermont, and Dr. Halleck. This committee will act in an advisory capacity to the city council and will inspect these two projects. It is expected in 24 hours and the matter will then be up to the council for action. One of the suggestions of the committee is of pumping plant from the lake to be used solely by the railroad and manufacturing interests, it being believed that if this were done, that the reserve water in the reservoir would be ample for domestic purposes.

WANTS A JURY
OF TWELVE MENAttorney General Fitts so Recommends
in His Biennial Report to The
Legislature.

Brattleboro, Oct. 6.—The biennial report of Atty. Gen. Clarke C. Fitts of this town, which has just been completed, will be submitted to the legislature tomorrow. After reviewing in detail the many cases in which the attorney-general has participated in on behalf of the state, Mr. Fitts makes a number of important recommendations. He calls attention to the increased number of cases and recommends that a law be passed providing for a jury of 12 in all criminal cases in municipal and city courts, the juries at present consisting of six, and that the determination of all questions of fact in prosecutions where the punishment cannot exceed three years, be concluded in such courts, which would avoid much delay in cases of a petty character. He recommends that the jurisdiction of these courts be extended so as to include practically the whole county in which they are held, and that the attorney-general be given authority to employ such persons as he sees fit to pursue and search for known criminals, and that no limit of expense be fixed.

DEBS IN FANEUIL HALL.

Declares Gompers Is Connected With The
Tobacco Trust.

Boston, Oct. 6.—Large crowds turned out yesterday at several stops to greet Eugene V. Debs, Socialist candidate for the presidency, as he passed across Massachusetts. The climax of the day's receptions was in Boston last night, where Debs addressed an audience that filled Faneuil hall. He was greeted with great enthusiasm. In his speech Mr. Debs criticized the Democratic and Republican parties severely and denounced Bryan and Samuel J. Tilden, linking the name of the labor leader with the so-called tobacco trust.

A GOOD THING COMING.

"Pierre of the Plains" Scored The Hit
of The Season in Burlington.

That "Pierre of the Plains" which comes to the Barre opera house tomorrow, Wednesday, evening is a strong attraction, is indicated by the following from today's Burlington Free Press:

"Pierre of the Plains," adapted for the stage from Sir Gilbert Parker's novel, "Pierre and His People," with Edgar Selwyn in the title role, appeared at The Strong theatre last evening and scored the biggest kind of a hit. Not in many moons has a Burlington audience appeared so interested or so spellbound through a stage production and it might, perhaps, be safe to say that Mr. Selwyn never appeared to better advantage on any stage. Men of fiery blood and nerves of steel people the play and the soft tints of the homeless play and the primal forest lent it atmosphere. The action started from the first line uttered in the first act and continued on until the drop of the curtain on the last act, when Pierre was seated alone, reading the cards.

Mr. Selwyn has surrounded himself by an all-star cast of the best known up and down Broadway. Elie Ferguson has been seen and admired many times in New York audiences and it was she that essayed the role of Jen. She had the only female character in the cast and was constantly on the stage, but she never written for Mr. Selwyn alone and the star system, as is known, did not detract from the worth of the drama.

There were three stage settings, all of which were of an elaborate nature. All in all, "Pierre of the Plains" was the most realistic thing that has been seen in Burlington for several seasons.

DIED ON THE STREET.

Edward Lackwood of Burlington Has
Stroke of Paralysis.

Burlington, Oct. 6.—Edward Lackwood, 73, a retired hardware dealer and a native of Madrid, N. Y., died suddenly on the street this morning from a stroke of paralysis. He is the father of J. H. Lackwood of the Lockwood Bros. carriage dealers here.

OPINIONS
HANDLED DOWNAt the Opening of Supreme
Court To-day

FOUR JUDGES ON BENCH

In the Only Washington County Case,
Schoville vs. Brock, the Master's
Finding for Defendant Was
Upheld.

The September term of the Vermont supreme court opened at Montpelier this forenoon at ten o'clock, with only four of the judges in their seats, although Judge Waterman read one opinion. Prayer was offered by the Rev. H. A. Flint of Montpelier.

Four opinions were rendered before adjournment of the court at noon. The first of these was in the case of the E. D. Keyes company against the Union Pacific Tea company, a Rutland county case, to recover damages. The decision of the lower court for the plaintiff was reversed and the case was remanded to the lower court.

In the Washington county case of W. L. Schoville vs. James W. Brock of Montpelier for damages for negligence in the investment of certain funds while acting as guardian of the finding of the special master for the defendant was affirmed and the case was remanded to the lower court. This is the fourth time that this case has been before the Vermont supreme court.

In Taplin and Rowell vs. Frank Marcy, from Orleans county, a general assumpsit case, the opinion of supreme court reversed the judgment of the lower court to give the plaintiff \$1,837.19, and the case is remanded.

The last opinion read this forenoon was in the case of F. A. Plouf vs. H. W. Putnam from Caddis county. The plaintiff sued for damages in the destruction of a sheep on Lake Champlain. He had put into the defendant's harbor during a storm and tied the vessel to the defendant's dock. The allegation was that the defendant cut the rope and allowed the sheep to drift and pound against the rocks. The defense was that the plaintiff was trespassing. The lower court found for the plaintiff and the supreme affirmed the decision. The case was then remanded.

Vermont Bar Association Meets.

The Vermont bar association examined R. W. Hubbard of Burlington, W. A. Dutton of Hardwick, E. C. Moyer of Burlington, C. G. Fitts of Brattleboro, E. H. Deavitt of Montpelier and John G. Sargent of Ludlow, started today to give examinations to five candidates for admission to the Vermont bar. The examinations will continue three days. The bar association met this afternoon for its annual meeting and this evening the annual banquet will be held, with Alexander Dunnott of St. Johnsbury acting as toastmaster.

JUDGE PLUMLEY
TENDERS RESIGNATIONAs Chief Judge of The Vermont Court
of Claims and It Has Been Ac-
cepted By Governor Proctor.

Frank Plumley of Northfield who was recently elected to Congress from the second district to succeed Congressman Kittredge Haskins of Brattleboro, has tendered his resignation as chief judge of the Vermont court of claims to Governor Proctor, and the same has been accepted. It is probable that the governor will not fill the place inasmuch as the legislature which is the electing body convenes tomorrow and will fill the vacancy before the next regular session of the court. The other members of the court are E. B. Flinn of Springfield who was recently elected a senator from Windsor county and Linus Leavens of Cambridge.

The court met today and adjourned without date. It is not known if Senator-elect Flinn, another member of the court, will resign.

THROWN FROM TEAM.

Patsy Russo Victim of Accident on East
Barre Road.

Patsy Russo, an expressman, was the victim of injuries which may prove serious, received in a runaway accident this forenoon. He was driving along the road just this side of East Barre when his horse was frightened by an automobile and ran down a hill throwing him from the wagon.

A man named Ford was driving along the road and assisted the man into the wagon of a man named Howard and he was taken to his home.

IMPORTANT MEETING.

Vermont Auto Club Meets in Montpelier
on October 15.

An important meeting of the Vermont Automobile club will be held at Montpelier on Thursday, October 15, at which time it will be decided if the club will be incorporated under the laws of Vermont. It is desirable that the members of the club who are intending to attend the meeting secure their accommodations before hand, because of the rush which will be there at that time.

Edward Lackwood of Burlington Has
Stroke of Paralysis.

Burlington, Oct. 6.—Edward Lackwood, 73, a retired hardware dealer and a native of Madrid, N. Y., died suddenly on the street this morning from a stroke of paralysis. He is the father of J. H. Lackwood of the Lockwood Bros. carriage dealers here.

DUG WAY TO FREEDOM.

Three Prisoners Escape From County
Jail at Newfane.

Newfane, Oct. 6.—Three prisoners awaiting trial escaped from the Windham county jail early yesterday and were still at large. They were H. H. Streeter, formerly of Greenfield, Mass., being held on the charge of burglary in Brattleboro; Eli Bartlett, held on the charge of a similar offense in Rockingham, and Nicholas Anty, held on charge of assault with intent to kill in Brattleboro.

The men had been given the liberty of the cellroom during the recent cold weather and with a stick of wood pried open some of the bars leading to a corridor, where they dug through the prison wall and escaped over the fields some time before sunrise. Their absence was discovered by Jailer Davis at 8 a. m.

ROOM TOO HOT.

Little Actress Was Not Asphyxiated,
Only Fainted Away.

A young girl with the "Mrs. Wiggs of the Cabbage Patch" company fainted away yesterday afternoon in the bath room in the Arcade block and the door had to be broken in to get the girl out. Considerable excitement was caused among the members of the troupe who were rooming in the block when it was first thought that the girl had been overcome by escaping gas from the gas heater in the bath room and that she was dead. But it was learned later that the girl has a weak heart and the room becoming over heated she fainted away.

ON CITY COUNCIL'S ORDER

Chief of Police Reports 28 Arrests in
September; Overseer of the Poor
Had \$109.93 on Hand at the
Close of the Month.

The city council had a short session last evening, there being but little business of importance to be transacted. The report of the chief of police for the month of September showed a total of 28 arrests, of which 7 were for intoxication, 3 for breach of the peace, 5 for search and seizure, and the rest for minor offenses.

The September report of the overseer of the poor was as follows: cash on hand, Sept. 1, \$195.34, received from the city \$300, paid out \$385.41; balance, \$109.93.

The committee on street reported that they had learned by a survey by the city engineer that the Holland house on Pike street projected into the street from six to sixteen feet and that the Gallagher house, owned by Charles Plouf, was ten feet into River street. On motion of Alderman Thurston it was voted to instruct the city clerk to notify Mr. and Mrs. Holland to remove their property from the street, and on motion of Alderman Alexander the same instructions were voted in regard to Mr. Plouf's house.

The following reports from the building inspector were read and accepted and permits ordered granted: C. C. Erickson to build a hen house on Green street; Dewey Column Cutting Works to erect a stone plant on the Sortwell & Morse property; B. N. Cutts, to build an addition to hen house and repair piazza at 44 Academy street; H. M. Houston, to put in a plate glass window at 53 Maple street; Mrs. Charles Smith, to make alterations on house at 81 Elm street; H. O. Camp, to re-top chimney at 91 Brook street.

S. Masaccio made application for a permit to hang an electric sign over the sidewalk in front of the Scamplin block and it was referred to the street committee to investigate and report.

City Engineer Reed stated to the council that the ceiling in the engineer's office had fallen off badly and needed repairing and he suggested that metal ceiling be put on, as it was directly beneath the opera house stage, where there was so much jarring from moving scenery and trunks. On motion of Alderman Ladd, this was referred to the property committee, with power to act.

The mayor named the evening of Oct. 27 at eight o'clock for a meeting of the board of civil authority for the revision of the check list for the November election. Adjourned.
